Why Expat Mobile?

Expat Mobile the only Dutch telecom operator that makes it possible to subscribe before you enter the country and can start calling immediately after arrival in the Netherlands.

With the cheapest calling rates for calling abroad to your family and friends and competitive national rates you can SAVE UP TO 80%.

The only thing we ask is a The Guest Card membership, a valid Credit Card number and a legible copy of your ID.

Per account you can order up to 4 SIM cards with unique mobile numbers for your family members. The SIM cards can be used for both voice and data.

Contract duration: 12 Months with leave as you please policy.

We believe in flexibility, if you leave The Netherlands, just send us a statement from your employer or other legal proof that you leave the country and we will end your contract immediately with no extra costs.
